

Objective-

This survey is to gather information from our School Family Community about our children’s attitudes towards school, and about homework. The results will be useful to our staff in improving our children’s educational experience.

Grade of student (Check grade) K- 1- 2- 3- 4- 5-

At the start of the school year did your child enjoy going to school?

Yes no sometimes

Does your child enjoy school now?

Yes no sometimes

If a change in attitude has occurred, could you comment on this change?

In a typical week, how many school nights (M-Th) is your child assigned homework?

Check the number of nights 1- 2- 3- 4-

Is your child ever assigned homework due on Mondays?

Yes no

Was there homework assigned over the winter break?

Yes no

About how many minutes of homework does your child do per day?

20 minutes	40 minutes	60minutes	90 minutes	more
------------	------------	-----------	------------	------

Overall do you feel the amount of homework is?

Too little just right too much

Does your child do homework at

Home at an after school program or both?

If homework is done at home, when is it done?

Breakfast before dinner during dinner after dinner

Overall how does homework affect your child?

Do you feel homework is

1. Valuable use of my child's time
2. Some Value
3. Some value, some stress
4. Need some relief
5. Taking too much from Family time.

If the school had a ‘no penalty opt-out/opt-in program’ for homework, would you choose to opt-out for your child? Yes- no- maybe-

Thank you for completing our survey. Homework is a complex issue that brings the school into the home. Whenever you feel you have issues to share about homework, your classroom teacher is available for input and feedback. Raising a child is a community partnership in which our school plays an important part.
